

**Trauma Transfusion & Haemostasis Research Symposium**

The Royal Geographical Society  
Friday December 11th 2009

**Timetable**

- 09:15 Welcome: Shubha Allard
- 09:30 Trauma Induced Coagulopathy & Massive Transfusion: Mitch Cohen, San Francisco
- 10:15 Acute Traumatic Coagulopathy - Diagnostics & Therapies: Ross Davenport, London
- 11:00 Coffee*
- 11:30 Fibrinogen, Factor XIII and Fibrinolysis: Wolfgang Korte - St Gallen, CH
- 12:15 New concepts of platelet & microparticle activation and function: Paul Harrison, Oxford
- 13:00 Benny Sorensen, UK
- 13:10 Lunch*
- 14:00 Endothelial preservation & repair: John Holcomb - Houston
- 14:30 The end of fresh frozen plasma?: Dietmar Fries, Innsbruck, Austria
- 15:00 Coffee*
- 15:30 Systems Biology of Coagulation: Karim Brohi, London
- 16:15 Oxygen carriers - Past Promise, Future Hope?: Howard Levy - Sangart, USA
- 16:45 Artificial Platelets: Sarah Middleton - Haemostatix, UK
- 17:15 Stem Cell-derived Red Cells: Marc Turner, Edinburgh
- 17:30 Close
